

Nilfisk All-Purpose Cleaner

Nilfisk APC 328

Powerful and touch free cleaning

The APC 328 brings together a range of cleaning equipment in one all-purpose cleaner. The automatic chemical system, indoor pressure washer, powerful liquid recovery vacuum and stretch hose offers a significant upgrade over hand-cleaning. All the standard tools and cleaning accessories fit neatly into the APC 328's compact design. This means no more carrying around heavy equipment or dragging hoses – operators can easily manoeuvre the unit in restrooms, stairwells and other tight spaces.

APC 328 is a powerful and versatile all-purpose cleaner. Charged with 28 bar/400 psi of power-spraying punch, the APC 328 has the ability to blast away grit and grime without the operator having contact with the dirt.

The APC 328 sets up for cleaning quickly and easily. Breaking down when finished cleaning is just as simple thanks to the many integral storage features.

When combined with the optional stand up carpet wand, the APC 328 can change easily from cleaning hard surfaces to soft floors – saving time and eliminating the need for costly additional equipment.

Standard accessories are easily stored on machine

Optional front mount squeegee for easy water pick-up

Open chemical system fits all bottle types and enables the operator to choose any chemical

Easy to use control panel:

1. Vacuum on/off switch
2. Pump on/off indicator light
3. Chemical selection toggle switch

Cross-functional versatility

- Small, compact and manoeuvrable
- Three times the productivity of traditional cleaning
- Simple setup and storage of tools and hoses
- Two universal chemical trays
- Compact design allows for improved mobility
- Unique removable electrical compartment pallet
- Universal chemical storage
- Precise chemical dilution and use
- Touch free cleaning means less exposure to germs and chemicals

The spray gun makes dirt removal easy in hard to reach areas and allows for quick rinsing of surfaces

MaxAccess™ design provides 360 degree access to machine components

Ideal applications include: restrooms, locker rooms, garage, kitchens, stairwells, windows, carpet pre-spraying, hallways and other hard floor surfaces. Also suitable for carpet and upholstery cleaning.

Three times faster than traditional methods

- On board pressure and vacuum hose store for easy transportation →
- Rounded ergonomic design reduces bulk and promotes manoeuvrability →
- Easy access to control panel →
- Various chemical bottles fit onto the machine →

- ← Drain hose enables tank to be emptied into a drain or sink
- ← Large recovery lid allows for easy tank cleanout
- ← Storage place for each of the standard accessories
- ← 7.5 m recovery hose contracts to 1.5 m for ease of use and storage

- Standard accessories:
- Two bend wand
 - Variable pressure gun
 - Scrub brush w/squeegee
 - Floor squeegee tool
 - Hand squeegee tool
 - Fill hose
 - Metering tip packet
 - Vacuum and pressure hose
 - Handle for scrub-brush
 - Hand squeegee tool
