

MASTER OF SMALL
SPACE CLEANING

COMPACT UPRIGHT SCRUBBER DRYER FOR NARROW AREAS

The Nilfisk SC100 is a small scrubber dryer for in-depth cleaning of narrow areas. Compared to the manual solution of mop and bucket, this compact upright machine will get the job done much faster offering a superior cleaning performance.

The value-for-money choice for small shops, schools, restaurants, coffee shops, gas stations, bakeries, fast food chains, hotels, cleaning companies, and also in-home cleaning.

EASY, FAST AND PRODUCTIVE CLEANING

- Scrub and dry in one single pass giving fast access to the cleaned area
- Two solution flow settings for efficient cleaning and red LED light indicator alarms when out of solution
- Ergonomic handle for comfortable one or two handed operation
- Easy to carry and to transport from one place to another – only 12 kg weight

SAFE AND HYGIENIC ENVIRONMENT

- Only use clean solution: no dirt and bacteria spread everywhere on the floor
- Flat recovery tank design and full access makes it fast and easy to clean 100% of the recovery tank from any dirt
- Can do what others cannot: Low deck profile and offset allow to clean difficult to reach areas for real floor cleaning
- Easy and quick maintenance operations help the operator to always have a clean and functional machine

REDUCED TOTAL COST TO CLEAN

- Flexible cleaning: Eco flow for light cleaning and double flow for spot or hard cleaning
- All machine functions stop in upright position: No brush or squeegee on the floor and no solution spill when the machine is not in use
- Robust aluminum frame design guarantee high reliability and long life time
- Detergent dosing cap on solution tank to always have the right percentage of detergent

Easy to fill the solution tank with water in any low sink

The SC100 clean in a position height of just 25 cm

Apart from getting faster cleaning of hard floors, you will also be able to freshen up smaller carpets, including removal of spots, by adding an optional carpet kit. Brush and squeegees can be removed without any tool making daily maintenance operations easy and fast

The optional manual suction hose is ideal for cleaning any unreachable area or spot cleaning.

You will remain in full control of the scrubber dryer thanks to the intuitive touch display with two water settings and a solution indicator, alerting you if the tank is empty

Each tank can be removed quickly and carried in one hand.

The ergonomic handle can be tilted down for effective cleaning in low positions. And the detachable cord is easy stored on the handle hook. →

Squeegees can be raised for double scrubbing performance to remove any persistent dirt or spots. →

The detachable tanks are easy empty/refill in any low sink. →

Offset brush enables cleaning near walls. →

← Touch display for intuitive control of the machine and Low water alert prevents using the machine without solution.

← Water flow control with two settings securing perfect cleaning results even in filthy areas.

← When the machine is parked upright all functions will automatically stop and no squeegee or brush will be on the floor.

← Both vacuum motor filter and solution filter protect sensitive components from failures and gives a reliable cleaning machine.
