

The SR 1101 makes cleaning both economical and productive

Technical specifications

Description	Unit	SR 1101 B	SR 1101 P
Motor power source		24V Battery	Petrol 2.9kw/3.9hp
Motor brand		-	HONDA
Sound pressure level	dB(A)	63.8	78.3
Productivity rate theoretical/ actual	m ² /h	5400/3800	5400/3800
Working width (mainroom only)	mm	700	700
Working width (w/ sidebrushes)	mm	980	980
Working width (w/ 2 sidebrushes)	mm	1260	1260
Min. turn-around aisle width	cm	236	236
Max. speed	km/h	6	6
Hopper volume	l	70	70
Main filter area	m ²	4.3	4.3
Battery compartment size	mm	660x440x370	-
Length x width x height	cm	148x93x122	148x93x122
Weight	kg	255	315

Nilfisk Ride-on sweeper

Nilfisk SR 1101

Reliable down-to-earth efficiency

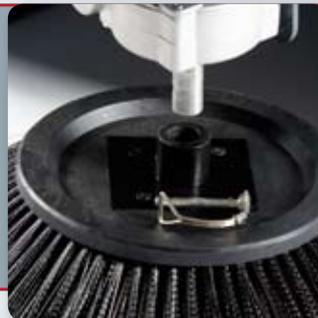

The vast majority of ride-on professional sweeping jobs demand a machine that is compact, manoeuvrable and reliable. The SR 1101 represents simplicity and robustness in its most sophisticated form.

Recommended for factory warehouses, car parks and outside areas such as parks and gardens.

The SR 1101 makes cleaning both economical and productive. It is easy to operate and self-explanatory operating panel means less operator training time needed.

The SR 1101 is available in both battery and petrol versions for indoor or outdoor operation with a large range of optional accessories which provides the right tools for specific jobs. Accessory flexibility permits better and faster cleaning. Light debris in corners or above floor level can be quickly collected with the remote on-board vacuum system.

SR 1101 B

Nilfisk's famous no-tools concept allows fast and easy replacement of brushes and filter for minimal downtime

The hopper capacity is extremely large to extend operational time

The SR 1101 is designed to handle both large and small cleaning situations, and can manoeuvre in tight spaces or climb ramps with as much as a 20% incline

True innovation

More cleaning – less machine!

- Superb manoeuvrability and tight turning radius permits cleaning in narrow, congested areas
- Solid metal traction motor support and broom motor circuit breakers provide greater reliability and less downtime
- Excellent filtering capacity and large hopper means that more debris can be collected without creating dust
- Adjustable steering column, heel & toe pedal for directional control, plus optimal all-around visibility provide ergonomic and safer operation
- Extra long running time (6 hours) made possible by optional battery tray. 4 hours running time with standard batteries
- Quality design includes polyethylene construction and steel frame body for rugged, professional use

Light debris in corners or above floor level can be quickly collected with the remote on-board vacuum system

An electrical filter shaking system cleans the filter automatically every 5 minutes

Large range of optional accessories provides the right tools for specific jobs e.g. carpet kit, special filters and brushes, overhead guard, 2x18 litres hopper containers etc.
